Check out www.melissaesplin.com for more tutorials.

[NORMAL VERSION]

Supplies:

Leather Vinyl or Fused Plastic
Button Stud
Hole Punch
Hammer
Scissors

Step 1:

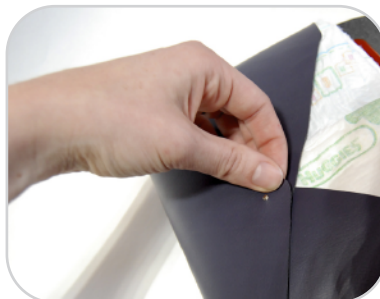

Print out the pattern, cut out.
Tape together matching up the tick marks. Fold material in half, Align pattern on fold trace and cut.

Step 2:

Mark where the holes are to be punched.
Punch holes. Punch top hole bigger than the rest, but not too that the button stud would slip out.

Purchasing Note:

Button studs, leather and hole punch can all be purchased at Tandy leather stores or online at www.tandy-leatherfactory.com.

Step 4:

Align holes on side flaps and thread bottom part of button stud through holes.

Step 5:

Pull bottom flap up last, thread through and screw tight.

Step 6:

Cut a small notch at the top for easy clasping. Slide diapers and wipes in the clutch and off you go!
